

Mobicred: Customer credit with no risk to you

Instant payments for merchants - payment plans
for customers

 mobicred

“Application was easy to do and I have received a swift response on the outcome of my application.”

- Sandisa M, HelloPeter

Your Business First

- Removes the hassles of chargebacks
- Easily activated through the Peach Payments Checkout - no API necessary
- Payments are settled weekly
- Refunds are processed through Peach Payments' integration

No Risk to You

- Customers are credit scored by Mobicred, with no default risk to your business
- Your payments are received in full upon purchase
- Credit is underwritten by RCS

Your customers win

- No card necessary - customers access their Mobicred credit with a login and OTPs
- Customers can make urgent purchases before payday
- Customers can take advantage of specials, even if they don't have funds in hand

Revolving Credit

- Give your customers access to up to R20 000 credit
- Encourage customers to make larger purchases that they can pay off over time
- Once their payment is settled, customers can access the credit again
